### From the Desk of the Executive Director: A Call for Oral Histories

By Jennifer Disano, Executive Director

In chatting with members, one thing we often hear is that many people are interested in collecting oral history documentation of personal experiences. Professional organizations sometimes do this, and OLLI, in cooperation with Mason special collections at the university library, has led efforts to collect members' stories and remembrances of events like the Vietnam War, the ERA movement, and the Cuban Missile Crisis. For our 25th anniversary, Carol Henderson and her team of editors created a history of OLLI called *The Story of OLLI*, which was compiled and printed as a special project.

Next year, OLLI Mason will celebrate its 30th anniversary. Charles Silver noted, "Now 30 years

doesn't sound like a long time to most of us, but since we join OLLI somewhat later in our lives, 30 years is a long time in our collective memory; sadly, many of our original members are no longer with us. But we have managed to save some of the memories of our history."

As we enter our fourth decade as an organization, we want to continue to collect oral history, and we invite you, our members, to contribute your personal memories. These could be stories and recollections of classes that were amusing or inspiring. It could be stories of meeting people and friendships, romances that developed between OLLI members, or perhaps reflections on what OLLI has meant to you. Do you have photographs of OLLI excursions, meetings, or social gatherings that you would like to share?

As part of our 30th anniversary, we plan to create a special webpage. We will post your stories and pictures so that we can share our experiences with one another. We will publish some of these memories in *E-News* during the anniversary year. This project will also form a repository for future OLLI members to refer to when they celebrate OLLI's future decennial anniversaries. If you would like to participate, please email *OLLI E-News* editor Paul Van Hemel at [ollienewseditor@gmail.com](mailto:ollienewseditor@gmail.com) or [pevanh@gmail.com](mailto:pevanh@gmail.com).

## Board Meeting Highlights November 20

**By Marguerite Johnson, Secretary**

President Paul Howard opened the Board meeting with the good news that George Mason University has agreed to make repairs to Tallwood, including providing access to the upper campus from the lower one via a ramp. Paul has yet to receive details of the repairs; however, OLLI will be advised of the repairs to be done, and we will have input. Paul reviewed the partnership OLLI has had with Mason over the past 29 years. He stated that during that period OLLI has had 5,490 members, given \$228,000 in scholarships to Mason students, donated \$50,363 to Mason's Office of Military Services, provided \$23,000 to Fall for the Book, and, since 2007, has hosted an annual Facility/Staff/Mason Aides OLLI picnic, at a cost of \$17,579. Finally, OLLI filed for 501(H) lobbying status in 2000 to allow efforts on behalf of Mason with the Virginia legislature.

Mike Sargent of Earthcare (on behalf of Ernestine Meyer, website chair), presented a draft view of the newly revised OLLI website. The home page will have a cleaner look, with larger text; quick links will appear at the top of every page, there are sliders for current events and OLLI action photos, and it will be easier to find contact information. There are many other changes to make the website more user friendly. The Board commended Ernestine Meyer, Dennis VanLangen, Jeannie Callahan, Paul Howard, and George Bradshaw for their dedication to this project.

Executive Director Jennifer Disano reported that OLLI's current membership totals 1,046. Of that, 930 are full annual memberships, 116 are promotional annual memberships, and 25 are

introductory memberships. This is a decline of 28 full and 55 introductory memberships from 2019. It is important that all members work towards a goal of increasing membership by emailing or calling a friend or neighbor to speak about their positive experience with OLLI.

## OLLI Clubs/Interest Groups – Time to Re-Up for 2021!

**By Alice Slayton Clark, Communications and Program Associate**

If you are a member of an OLLI club or interest group, you know how much fun it is to explore your hobby or passion while making new friends. Clubs are a great way to enhance your OLLI experience, offering dozens of topics to feed every curiosity. Visit the [club page](#) on the OLLI website for a full listing. Almost all are active during and between terms, conducting regular online meetings while we ride out this historic pandemic.

What you may not know, however, is that we reconstitute the clubs each calendar year to keep the membership lists as accurate and up-to-date as possible. This is one way OLLI can help safeguard the value of your membership to ensure only those who are current OLLI members participate.

So please renew your membership now in your favorite OLLI clubs and interest groups so you remain on the roster in 2021. Once you renew, your club membership lasts the entire calendar year. You can sign up on your own via the member portal ([olligmu.augusoft.net](http://olligmu.augusoft.net)) when registering, or you can contact the OLLI registrar ([ollireq@gmu.edu](mailto:ollireq@gmu.edu)) who is happy to assist.

It is important that members sign up because all club coordinators use the member portal to communicate with their members regarding meeting dates, changes in scheduling, and topics of interest. If you don't register, or forget to renew your membership, you could be missing out. Sign up today and stay connected!

## Interested in Art and Music?

**By Kosmo Tatalias, Art and Music Program Planning Group Co-Chair**

A recent OLLI survey indicated that our members wanted more classes and events in the Art and Music category. The Art and Music Program Planning Group would appreciate knowing more specifics about your interests.

For example, are you interested in:

- art appreciation, and if so, which periods of art?
- participatory classes in drawing, watercolor, or pastels?
- photographic techniques or equipment?
- classical music appreciation, and if so, at what level of detail?
- hearing selections from The Great American Songbook?
- jazz, Dixieland, country, folk songs, or world music?

Don't see a class that fires your passion? Take this opportunity to teach and inspire others. You've never taught a class before? Don't worry, your enthusiasm and subject matter expertise will carry you through. Ask someone you know if they would be interested in teaching at OLLI. With Zoom classes our instructors can live anywhere! Want to make sure your class happens? Join the Art and Music Program Planning Group.

Please send your ideas and suggestions to Marianne Metz, co-chair of the Art and Music Program Planning Group, at [mandsmetz@gmail.com](mailto:mandsmetz@gmail.com); she will distribute the information to the other co-chairs, Angie Talaber and Kosmo Tatalias. Thank you for your interest in the Art and Music program!

## Holiday Giving: Put OLLI on Someone's List

*By Rosemary Lubinski, Outreach Committee Chair*

Do your family and friends ask what you'd like for a holiday gift? Many seniors have plenty of scarves, T-shirts, sweaters, books, and candy. So, how about suggesting the gift of lifelong learning? Friends and family can buy you an OLLI eGift card in any dollar amount to help defray part or all the cost of your OLLI membership. Share the following link to the OLLI website with them, and they are on their way: <https://olliamu.augusoft.net/index.cfm?method=GiftCard.SendGiftCard>.

You know how meaningful OLLI is to your intellectual and social life, especially during this time of social distancing. OLLI's online classes have exposed me to several interesting new topics I might never have explored. So next time you are asked about that holiday gift, suggest an OLLI eGift card in your name. Make every day a "Happy OLLI-day!"

## Computer Club

**2nd Saturday, December 12 via Zoom**  
**Importance of New Apple Computers**  
**Nuances of iTunes for Windows**

*By Paul Howard, OPCUG Program Chair*

The Computer Club (OLLI Personal Computer User Group, or OPCUG) will meet with its partner, the Potomac Area Technology and Computer Society (PATACS), on Saturday, December 12 via Zoom. Program activities begin at 1:00.

### Importance of New Apple Computers – Presented by Lorrin Garson

On June 22, Apple announced that over a two-year period, the company would switch from Intel-based central processing units to Apple-designed hardware for their computers. On November 10, the company launched three of these new computers, with architecture using the M1 chip. This presentation will provide information on the characteristics of the new Apple computers, the transition process, software issues, performance, and the broad implications of this change.

Lorrin Garson had a long career in technical publishing of chemical information. His presentations to our computer groups are famous for their thorough research and clarity in explaining topics such as cryptography, encryption of personal data, cloud storage and the origins of personal computers.

### Learn in 30: Important Nuances of iTunes for Windows – Presented by John Krout

This presentation will show you three important and valuable techniques in iTunes for Windows:

- When you install iTunes on a new computer, Apple may say that you have hit the five-computer limit for use of your Apple ID. You will learn how to overcome that limit;
- When Apple reports that your credit card is expired, how to update your iTunes account record; and
- How to configure iTunes to export Apple's M4A format songs as MP3 songs.

None of these how-tos are intuitive, despite Apple's reputation for that software design approach.

John is a regular speaker at OPCUG/PATACS meetings. He is the author of numerous articles in the PATACS *Posts* newsletter and many of the Zoom help tips on the PATACS website.

**See full details on this meeting by [clicking here](#).** For information on the Computer Club, see the [OPCUG Website](#). OPCUG dues are \$5 for 2020 – see <http://olliamu.org/opcug/comm.html> for details on making payment.

Attend via Zoom's cloud meeting service, beginning at 1:00. Please click the following link to join the webinar: <https://us02web.zoom.us/j/93730244342> and use Passcode 728227, or enter this Meeting ID from 'Join' in the Zoom app: Meeting ID 937 3024 4342, Passcode 728227.

## Photography Club to Feature Noted Photographer Lynn Cates

By John Nash, E-News Writer

Like many photography subjects, water photos can be tricky. Reflections, movement, and light are just three conditions that photographers—new and experienced—often find challenging when photographing scenes with water. But it's possible to get stunning water pictures by being aware of a few techniques.

At the December 12 OLLI Photography Club meeting, Lynn Cates, an amazing photographer, will discuss some of her approaches in creating good water photos, both in camera and through the use of post-processing. According to Lynn, water often creates its own mood and we, as photographers, must be aware of this environmental dynamic. She will discuss how to capture some of these moods with approaches she uses in the field such as varying shutter speeds and use of filters. She also will discuss techniques she uses in post-processing to accentuate lines, shapes, and textures to help bring out the feelings she wants to evoke. You can see some of her outstanding photographs at [www.rdtpr.com](http://www.rdtpr.com).

Lynn Cates Photography

Plan to attend the OLLI Photography Club meeting at 9:30, December 12 . . . on Zoom, of course (Meeting ID: 669 666 340; Pass Code: 746 862). You can join the OLLI Photography Club and enjoy the wonderful world of photography. It's a free benefit of

your OLLI membership.

## Poet's Corner

### Quixotic

*By Dori Martinez Freudiger*

The news reports  
local firefighter saved two little girls  
from a burning house hearing their mother screaming  
"my babies are inside."  
What would Don Quixote say?

In California a sixteen year old girl  
rescued a senior citizen who tumbled down by rough waves  
was swept out to sea.  
What would Don Quixote say?

A good Samaritan in my neighborhood  
found a dog lying in a pool of blood  
and took the lost pet to the nearby vet.  
What would Don Quixote say?

At the hospital I saw healthcare workers  
risking their lives and working themselves to almost spent  
to help save corona virus patients.  
What would Don Quixote say?

At the grocery I witnessed a couple  
loudly protesting as in a swear  
inches from the face of a sole store clerk  
"it's my right not to wear a face mask."  
What would Don Quixote do?

## Arts & Music at George Mason

Performances, December 4 through December 19

By Shelly Gersten, OLLI E-News Staff Writer

**Virtual Performances**

Although Mason’s campus is shut down, online entertainment continues for us to access and enjoy. Dr. Linda Apple Monson produces a periodic “Notes from the Director.” This email is full of interesting online performances by the students and faculty of the School of Music. If you would like to receive these bulletins, just send an email to Brianna Schoen at [bschoen@gmu.edu](mailto:bschoen@gmu.edu). Also, the Center for the Arts has a website [Mason Arts at Home](#), which has a calendar of online events and access to many past performances. Information can also be found at [CFA ticket purchase page](#) or the [Hylton ticket purchase page](#).
