Researching Your Family Tree

Have you ever wondered about your great-grandparents? Or have you wanted to work on your family history, but you had no idea how to get started? If you answered yes to these questions, this **FREE** interactive tutorial is for you.

COURSE OUTLINE

The course outline is displayed in the left menu. You are free to navigate through the course in any way that you desire. However, if you are new to genealogy, it is recommended that you proceed through the modules in the sequence shown.

PREREQUISITES

This self-paced tutorial is designed for beginning genealogists with basic computer and Internet skills.

To benefit from this course, you must be able to:

- Click on links to navigate a Web site.
- Use the Back button in your browser's toolbar to return to a previously viewed Web page.
- Scroll up and down a Web page using your browser's scroll bar or arrow buttons.

Modules

- ▶ **Main Page**
