**All About LRI**

**Who We Are**

The Learning in Retirement Institute (LRI), affiliated with George Mason University (GMU), offers daytime courses, lectures, special events and other activities during eight-week terms in the fall and spring, a four-week mid-winter term and a six-week summer program. There are no exams, no credits, no college degree required and no age threshold. Making new friends is an important part of the LRI concept. Social activities include luncheons and picnics.

Course leaders are qualified members of LRI and others who enjoy sharing their knowledge. We are particularly fortunate in our outside teachers and speakers, attracting well-known and knowledgeable persons from GMU, government, foreign embassies and private organizations.

Members pay annual dues of $270, which entitles them to attend as many activities as they wish, subject to availability of space. There may be charges for required books and materials and for some special events. LRI offers scholarships for those in financial need; ask our Administrator at the Tallwood office for details.

LRI publishes LRI Times, a quarterly newsletter that keeps members informed about the Institute; This Week at LRI, published regularly during each term; a Membership Directory twice a year and a Member and Volunteer Handbook for new members.

Log on to www.lri.gmu.edu for more information.

LRI is a member of the Elderhostel Institute Network of similar organizations at colleges and universities in the U.S. and Canada. LRI is a nonprofit equal opportunity 501(c)(3) organization and does not discriminate on the basis of race, color or national or ethnic origin.

**Where We Are**

Most activities are held either at Tallwood, 4210 Roberts Road in Fairfax, or at the Washington Plaza Baptist Church at Lake Anne in Reston. LRI’s main office is at Tallwood, with a satellite office at the Lake Anne church (open only during class hours). Both sites are handicapped-accessible, and free parking is available. Maps and directions for all locations are on the inside back cover.

**How to Join**

Any person may become a member beginning with the summer 2004 term (through spring 2005) by filling in the registration form on page 21 and submitting it to LRI with the required check(s).

If you would like to try us out first, during any two consecutive weeks, you may visit one or more classes that are not oversubscribed. Check with the Tallwood office to find whether the class you want to visit has space available.

**GMU Privileges**

LRI members are entitled to a GMU ID card, which allows you to check out books at the University Library, purchase items at the GMU computer and book stores and enjoy other campus privileges (but not free parking on campus). A GMU Intranet and e-mail account is also available. To apply for or renew an existing ID card or account, visit the Tallwood office.

**Friends of LRI**

Members are encouraged to make tax-deductible contributions. Unless otherwise designated by the giver, contributions will primarily be designated for capital expenditures for LRI and for scholarships and other grants that LRI makes to GMU in recognition of the support provided us by the university. All contributors will be recognized as Donors to Friends of LRI. Those who contribute a total of $100 or more during the year will be recognized as Supporters. Those who contribute a total of $250 or more during the year will be recognized as Patrons. You may send contributions at any time, or you may include a donation with your registration form.
LRI Organization

LRI is a membership organization, with a Board of Directors elected by the membership. All activities are managed by LRI volunteers and a small paid staff. Members are encouraged to participate in the many support functions.

1. **The Leopard**  
*Tuesday, June 22, 9:30 – 12:30  Film shown (Note Time)*  
*Thursday, June 24, 10:00 – 11:30  Discussion*  
*Lake Anne Church*  
*Instructor: Ted Pasca*  
This award-winning movie adaptation of Giuseppe Tomasi di Lampedusa’s classic book is set in the mid-1800s in Sicily. Burt Lancaster stars as a Sicilian prince in this masterful movie tribute to a bygone age. The movie is in Italian with English subtitles. The film will be shown on Tuesday beginning at 9:30. On Thursday, Ted Pasca, Italian historian and journalist, will give us some background on the history of Sicily and Italy during the time that the movie depicts. This will be followed by a discussion of the film.

2. **Life and Death: POW of the Japanese in WWII**  
*Tuesday, June 22, 10:00 – 11:30*  
*Tallwood*  
*Instructor: Duane Heisinger*  
The instructor will trace his journey to a better understanding of his father’s life in the Philippines early in WWII and of his death after many years as a Japanese prisoner of war. He last knew his father when he was a ten-year-old in early 1941. His contact with survivors of the Japanese POW camps, and interviews with men who knew his father or who were in the same camps and experienced and endured similar conditions, brought much more understanding. He will examine the war years within the hopes, concerns and feelings of both the POWs and the families at home while telling of his own journey to understanding. In his book, *Father Found*, his father’s story is told primarily from first-hand reports, diaries, journals and scraps of paper, often buried, and later recovered or hand-carried to liberation. Mr. Heisinger, a graduate of the U.S. Naval Academy, served 30 years in the Navy. Assignments included two ship commands, three combat tours in Vietnam, and more than 11 years in overseas intelligence.

3. **Poetry Workshop**  
*Tuesdays, June 22, 29, July 6, 13, 20, 27*  
*Tallwood*  
*Moderator: Barbara Achilles*  
The Poetry Workshop, founded in 1991, is one of the earliest continuing courses offered by LRI. The workshop auditions and critiques original poetry submitted by members of the group. It does not teach how to write poetry, nor does it focus on reading the poetry of well-known poets. Beginners as well as experienced poets are welcome. Emphasis is on encouraging the positive aspects of each poet’s work and suggesting changes or corrections that might be made to improve it. Members are expected to bring to each session either a new poem or a revised poem previously critiqued by the group. The workshop has published three volumes of original poetry and has presented readings for the past seven years. Some members have won prizes in poetry competitions and have had poems selected for inclusion in a regional anthology and other publications. Barbara Achilles is a published poet and has been a member of the workshop for the past 12 years. She is a retired intelligence officer with a B.A. in music from the University of Rochester/Eastman School of Music.

4. **Russia Today and Tomorrow**  
*Tuesday, June 22, 10:00 – 11:30*  
*Tallwood*  
*Moderators: Shirley and Slava Timashev*  
Russia is undergoing an experiment in what President Putin calls a managed democracy. Economically, the country’s large reserves of gas and oil are of great significance for a country that is not a member of OPEC. Russia’s domestic and foreign policies are still evolving, and what happens in Russia will affect the rest of the world. Two people with different backgrounds will share their perspectives on the Russian people, the current political and economic scene and the future of the new Russia. Slava Timashev, a U.S. resident, is president of a private digital mapping company whose business operations are in Yekaterinburg, Russia. Mr. Timashev has two Ph.D.s and is affiliated with the Russian Academy of

Sciences. He was born in China and lived in an international community there until age 12, when the family relocated to the city of Perm in the Soviet Union. Shirley Hayes Timashev first visited Russia in 1991 and experienced the abortive coup. She returned and lived in Russia for six years while teaching at Urals State Technical University.

5. Extinction Workshop
Tuesday, June 29, 10:00 – 12:00  (Note Time)
Lake Anne Church
Also offered Tuesday, July 27, at Tallwood,
Course #19
Instructor: Sam Saltoun
Overall, the number of life species has steadily increased during Earth’s geologic history. However, scientists have unearthed evidence of at least five mass extinctions that occurred during the last 500 million years. In this two-hour workshop, we will try to discover the reasons for these events. After a short introduction, we will break into teams of three to five participants. Team members will play the roles of scientists (paleontologists, geologists, climatologists, oceanographers, astronomers or biologists). Using real but simplified data and forensic evidence, the teams will attempt to piece together the causes of the five catastrophic extinction events. Don’t expect any clear-cut answers, but do expect a fascinating and thought-provoking session. Sam Saltoun has had a lifelong love of science and, like most of us, a yearning to understand how nature really works. He is a registered professional engineer and has served a three-decade career in the U.S. Navy. He is currently an engineering and management consultant and is planning a third career as a high school physics teacher. Class limit: 25.

6. Maintaining Your Independence and Quality of Life
Tuesday, June 29, 10:00 – 11:30
Lake Anne Church
Also offered Thursday, July 1, at Tallwood,
Course #43
Instructor: Sarah Parks
Often, as we age, challenging issues arise of where to live and how to cope with less-than-perfect physical health. We find that keeping the home in which we have raised our families is impractical. That may mean downsizing and moving into a condo or a retirement community. The first part of this class will look at the issues to be considered in such a move. The second half will examine how to protect your interests—both before and after death. This includes looking after your financial interests and taking care of medical concerns with powers of attorney and health care directives. Sarah Parks is an estate planner with Custom Estate Planning in Springfield. She teaches classes at Fairfax County Adult Education, Lifetime Learning Institute at NOVA and at LRI.

7. Songs and Stories of Presidential Campaigns
Tuesdays, June 29, July 6, 10:00 – 11:30
Tallwood
Instructor: Bill Deary
For about a century and half, political parties resorted to music and song to rhapsodize their own candidate for the presidency and/or to anathematize the opponent. This two-lecture course will offer a lyrical excursion through a selection of presidential campaigns from Jefferson vs. Adams (1800) to Truman vs. Dewey (1948). Music lovers may want to think twice before subjecting themselves to 50 minutes of partisan political “music,” often more oxymoronic than its “military” counterpart. Serious students of electoral politics will be relieved to hear that the musical portion of the program will be punctuated by brief interludes setting forth the issues and the personalities that inspired these magna operas. Bill Deary has been a member of LRI for 12 years and holds a Ph.D. in history from George Washington University. He has taught courses on the American Revolution, Turn of the Century Pop Culture, European Diplomatic History 1870-1919, and Pop Songs of WWI, among other subjects.
8. Working for Social Change
Tuesday, June 29, 10:00 – 11:30
Tallwood
Moderator: Heather McGrew
Despite tremendous investments of time and resources by governments, institutions and existing nonprofit organizations, significant social challenges persist in the Washington community, across the United States and around the world. When existing approaches are not working or are inadequate to address needs in education, healthcare, environmental protection, and civil and human rights, how do we attract visionary leadership and apply innovative thinking to create new models that will bring about real and lasting social change? Nothing is more powerful for realizing social change than a new idea in the hands of a true social entrepreneur. Heather McGrew, of Echoing Green, a nonprofit foundation based in New York City, will tell us how her organization identifies, funds and supports, through two-year fellowship programs, the next generation of social change agents. Judith Conti, a 2000 Echoing Green Fellowship recipient, is cofounder and director of the D.C. Employment Center, a private nonprofit organization advocating the rights of low-income workers in the metropolitan area. She will speak to us about her fellowship experience and the D.C. Employment Center.

9. Berlin: Phoenix From the Ashes
Tuesdays, July 6, 10:00 – 11:30
Lake Anne Church
Instructor: Vera Wentworth
Two lectures will cover historical and cultural highlights of the city of Berlin, past and present. The first lecture will give an overview of the political, social, and cultural history of Berlin from its beginnings as a trading post to its establishment as the capital of the German empire. The second lecture will focus on the city as an island behind the Iron Curtain and its re-emergence as the capital of a reunited Germany. Berlin’s destruction, the Cold War, the building of the Wall and its subsequent fall, and the ramifications of reunification will be examined. Special emphasis will be placed on the rebuilding and reinventing of Berlin. Vera Wentworth holds a Ph.D. in English and taught literature on the college level for 30 years. She is a native Berliner who witnessed the building of the Wall as well as its subsequent dismantling.

10. Jazz Seminar
Tuesday, July 6, 10:00 – 11:30
Tallwood
Instructor: Don Farwell
This seminar will trace the development of traditional or classical jazz from its beginnings in New Orleans up the Mississippi River to Chicago and thence throughout the country in the early years of the last century. It will focus on the individuals who created jazz and the jazz bands and orchestras they formed. Audio-visual materials illustrating the various styles of jazz and swing will be employed, and the contemporary jazz scene in the area will be discussed. Don Farwell’s interest in jazz dates back to the 1940s. At one time his collection was made up of some 2,000 jazz LPs, several hundred reel-to-reel tape recordings, and hundreds of cassette recordings. He was one of the hosts of the Potomac River Jazz Club’s radio program, “Jazz Band Ball,” on radio station WPFW-FM. He has been a member of the PRJC since its founding in 1972.

11. Tips Toward Better Writing
Tuesday, July 6, 10:00 – 11:30
Lake Anne Church
Instructor: Jane Catron
Even good writers can become better once made aware of the two most common enemies of strong writing, namely, weak and wordy usages. For instance, between these two statements, “His comments did not reveal anything new” and “His comments revealed nothing new,” readers can readily recognize that the second is a stronger statement. But can they explain why? The class shall offer six simple tips to a stronger writing style, explaining and providing practice for each. Jane Catron is a retired English teacher from McLean High School where she taught poetry and creative writing extensively. She

12. Geology of Virginia and Maryland
Tuesday, July 13, 10:00 – 11:30
Tallwood
Instructor: Doug Mose
Dinosaur fossils are not the only secrets the rocks of Maryland and Virginia hold for the experienced eye. Records of prehistoric shorelines, active volcanoes and moving continents are contained in rocks that are around us or a short drive from where we live. Virginia and Maryland have diverse landscapes ranging from mountains to the Piedmont to Atlantic shores. Join geologist Doug Mose to learn how rocks can communicate the story of our planet and history of the area. He is an environmental geochemist and received his Ph.D. from the University of Kansas.

We will re-board the bus at noon to go to Union Station for lunch on our own and cross the street to the Smithsonian’s National Postal Museum. Our docent-led tour will start promptly at 1:15. The tours at both sites are 45-60 minutes each, allowing time to browse on our own and visit the gift shops. The bus will leave promptly at 8:30 from the Fair Oaks Mall, Parking Lot No. 8 outside the circular road near the Holiday Inn (see details on inside back cover). Please arrive no later than 8:15. Alfred Hitchcock demonstrates his ability to spin a wonderful web of thrills and suspense in this 1951 movie. It is one of Hitchcock’s most gripping films. The story begins innocently enough with a conversation of two strangers on a train who joke about a “perfect” murder. The plot takes off from there and escalates to a gripping climax of terror. Steven Mears, a student of film and a Hitchcock aficionado, will introduce us to the movie and will lead a short discussion at the end of the film.

The expansion of the Internet has been uneven with respect to region, gender and ethnicity. The speaker manages a center at GMU that has initiated technology projects in over 30 developing nations on four continents. A segment of the talk will be derived from Stephen Ruth’s course, “Islam and the Internet,” offered at GMU last year. Ruth is professor of public policy at GMU. He is author or co-author of over 100 published articles and four books. He has a B.S. from the U.S. Naval Academy and a Ph.D. from the University of Pennsylvania.

A terrifying presence at the end of WWI, the epidemic killed more Americans in a single year than died in battle during WWI, WWII, the Korean War and the Vietnam War. Our guest will discuss his efforts to find the key to this dangerous virus to reduce and/or eliminate its risk to mankind in the future. Jeffrey Taubenberger, M.D., Ph.D., has been at the forefront of this search. He is Chairman of the Division of Molecular Pathology at the Armed Forces Institute of Pathology, Washington, D.C.

The most important thing you can do to improve your chances of getting the courses and events you want is to list them in order of their importance to you on the registration form. When courses or events are oversubscribed, priority is given based first on the preference you assign to each selection and secondly on the date of receipt of your registration form. Therefore, you can also increase your chances of getting the courses and events you want if you get the registration form in early within the registration period.

- You will receive a confirmation letter about one week before the term begins, showing the courses and events for which you have been enrolled. (Confirmation cannot occur until after registration has closed on June 7.)
