New Member Coffee

All new members are cordially invited for coffee and
conversation at 10:30 Friday, June 24, at Tallwood. Here’s
an opportunity for you to meet some of our instructors,
staff, Board and committee chairs, to get answers to any
questions you may have and to tell us about yourself and
your interests. Please join us!
Who We Are

The Osher Lifelong Learning Institute (OLLI) at George Mason University (GMU), formerly LRI, offers daytime courses, lectures, special events and other activities during eight-week terms in the fall and spring, a four-week mid-winter term and a six-week summer program. There are no exams, no credits, no college degree required or offered and no age threshold. Making new friends is an important part of the OLLI concept. Social activities include luncheons and book clubs.

Course leaders are qualified members of OLLI and others who enjoy sharing their knowledge. Attracting well-known and knowledgeable persons from GMU, government, the diplomatic community and private organizations, OLLI is particularly proud of its volunteer teachers and speakers.

Members pay annual dues of $280, which entitles them to attend as many activities as they wish, subject to availability of space. There may be charges for required books and materials and for some special events. OLLI offers partial and full scholarships for those in financial need; members are encouraged to contact the Administrator at the Tallwood office for details. All inquiries will be kept strictly confidential.

OLLI publishes OLLI News each week when classes are in session to keep members informed about the Institute, a catalog for each term, a Membership Directory twice a year and a Member and Volunteer Handbook for new members.

Where We Are

Most activities are held either at Tallwood, 4210 Roberts Road in Fairfax, or at the Washington Plaza Baptist Church at Lake Anne in Reston. OLLI’s main office is at Tallwood, with a satellite office at the Lake Anne church (open only during class hours). Both sites are handicapped-accessible, and free parking is available. Maps and directions for all locations are on the inside back cover.

How to Join

Any person may become a member beginning with the summer 2005 term (through spring 2006) by filling in the registration form on page 23 and submitting it to OLLI with the required check(s). Prospective members can try us out, during any two consecutive weeks, by visiting one or more classes that are not oversubscribed. Check with the Tallwood office to find whether the classes have space available.

GMU Privileges

OLLI members are entitled to a GMU ID card, which allows them to check out books at the University Library, purchase items at the GMU computer and book stores and enjoy other campus privileges (but not free parking on campus). A GMU Intranet and email account is also available. To apply for or renew an existing ID card or account, visit the Tallwood office.

Friends of OLLI

Members are encouraged to make tax-deductible contributions. Unless otherwise designated by the giver, contributions will primarily be designated for capital expenditures for OLLI and for scholarships and other grants that OLLI makes to GMU in recognition of the support provided us by the university. All contributors will be recognized as Donors to Friends of LRI. Those who contribute a total of $100 or more during the year will be recognized as Supporters. Those who contribute a total of $250 or more during the year will be recognized as Patrons. Contributions may be made at any time, or included as a donation with the registration form.
OLLI Organization

OLLI is a membership organization with a Board of Directors elected by the membership. All activities are managed by OLLI volunteers and a small paid staff. Members are encouraged to participate in the many support functions.

Tuesdays (All classes are from 10:00 to 11:30 unless otherwise indicated.)

1. Report on the Iraq Intelligence Commission
Tuesday, June 21, 11:45 – 1:15 (Note Time)
Old Town Hall, 3999 University Drive, Fairfax City
Instructor: Charles Robb
Join the Honorable Charles Robb, co-chair of the Commission on the Intelligence Capabilities of the United States Regarding Weapons of Mass Destruction, as he outlines the panel’s findings and recommendations. He was appointed by President Bush to co-chair this independent panel, which investigated U.S. intelligence, particularly in regard to the 2003 invasion of Iraq and Iraq’s weapons of mass destruction. Charles Robb served as Governor of Virginia from 1982-1986 and as a United States Senator from Virginia from 1989 until 2001. He is affiliated with GMU’s Law School.

2. Vietnam’s Autumn Cloud
Tuesday, June 21, 10:00 – 11:30
Talkwood
Instructor: Jackie Bong-Wright
Jackie Bong-Wright was born Le Thi Thu Van (Autumn Cloud) in Cambodia, the home of her affluent Vietnamese parents. She and her large family, like millions of other southern Vietnamese, were profoundly affected by the wars and civil unrest that buffeted Southeast Asia for most of the next four decades: the Japanese occupation, the First Indochina War, and, finally, the American War. Le Thi Thu Van’s family suffered through the loss of the family fortune; a sister who abandoned the family to devote her life to the Communist revolution; a brother killed in the American War; another brother who did not survive the Communist postwar “re-education” camps; and the assassination of the instructor’s spouse, a prominent politician. Devoted to the Vietnamese cause, Jackie became a major figure in the Vietnamese community after her emigration to the U.S. In her book, Autumn Cloud, she weaves all these story threads into a compelling memoir, a rare book that tells the story of Vietnam as it was experienced by the Vietnamese people.

3. Geology: Exploring for Oil and Diamonds in Canada
Tuesday, June 21, 10:00 – 11:30
Talkwood
Instructor: Charles Faxon
We live in a time when oil and gas and minerals such as kimberlite, the host for diamonds, impact our daily lives in a significant way. Many products are made from petroleum. We will look at the subsurface methods and techniques oil companies use to locate oil and gas reservoirs. Further, we will address the misconceptions of the actual origin of oil and gas. We will discuss the importance of fossils and understanding ancient climates as they aid in the precise location of underground deposits. This goes hand-in-hand with geophysical exploration. The instructor, who did postgraduate work at the Montana School of Mines and worked as a geologist in Alberta and British Columbia, will touch briefly on the geopolitics of oil and gas and its effect on world economies.

4. How to Happy [sic]
Tuesday, June 21, 10:00 – 11:30
Talkwood
Instructor: Robert Rogowsky
We all seek happiness. This class will explore the elusive goal of “happiness” and offer seven practical, easy steps to getting there. It will provide real-life practical guidance for the highly difficult task of implementing the easy steps. This will be a light-hearted dialogue between speaker and audience on how to lighten up and enjoy life. The “seven steps” are simple truths, already known but too often forgotten and buried in the crazy, information-clogged, media-overloaded, career-driven, activity-swamped world we create for ourselves. The class will focus on ways to take your world and all its troubles head-on, and employ in that collision these simple steps to permit a more contented and optimal life experience. See Course 9 for instructor’s biographical information.
Tuesdays  (All classes are from 10:00 to 11:30 unless otherwise indicated.)

Though a professional economist, his presentation on happiness will leave you with an upbeat attitude to meet the likely vicissitudes that face us all.

5. Framing Features
   Tuesday, June 21, 10:00 – 11:30
   Lake Anne Church
   Instructor: Carl Zelman
   Matting, mounting and framing your artwork with flair gives added artistic quality to your favorite photograph, watercolor or print. This class will help you determine how to find the right frame, how to choose the best matting for your art, when to use double mats, how to choose border widths and how to make the best color selection. The benefits and uses of the many different types of glass and acrylic will also be discussed. The instructor has 32 years of professional picture-framing experience and currently works at Lakeside Fastframe in the South Lakes Village Center in Reston.

6. Race
   Tuesday, June 21, 10:00 – 11:30
   Lake Anne Church
   Instructor: Mary McCutcheon
   Categorizing people into types based on physical characteristics is irresistibly tempting. What categorical systems are there and what physical attributes are they based on? The concept of race has empirical validity for some species of plants and animals. Does it have applicability to our own species? If it is at all applicable, can we get past the political and social baggage to find some utility? Dr. McCutcheon specializes in Micronesia (islands of the Western Pacific Ocean), has worked at the Smithsonian Institution and has taught at GMU.

7. Creationism
   Tuesday, June 28, 10:00 – 11:30
   Lake Anne Church
   Instructor: Mary McCutcheon
   Creationism and anti-evolutionism seem to be gaining political footholds in America despite the enormous (and growing) mountain of evidence supporting evolution. Why is this? We will look at two forces: one attracting people toward a creationist and teleological way of thinking and the other repelling people away from an evolutionary and scientific way of thinking. The class can contribute thoughts about what (if anything) needs to be done to arrest these trends. See Course 6 for biographical information.

8. Increase Benefits of IRA Withdrawals
   Tuesday, June 28, 10:00 – 11:30
   Tallwood
   Instructor: Mike May
   The way we manage retirement assets can make a difference in the taxes we and our heirs will pay. In this class we will learn how to protect retirement assets from double taxation, put suitable investments into an IRA, make sure our inheritance goes to those we choose, and leave what we don’t spend to our heirs tax-free. The instructor will discuss 10 important questions to ask an IRA custodian to make sure our wishes are carried out. Mr. May is one of only 8,000 people in the country to qualify as a Certified Senior Advisor, and has been managing the finances of seniors for over 20 years.

9. One World Marketplace
   Tuesday, June 28, 10:00 – 11:30
   Tallwood
   Instructor: Robert Rogowsky
   The world is getting smaller, faster than ever in history. Two trillion dollars worth of foreign exchange crosses national borders—every day. Production moves overseas. Labor is displaced. Services are outsourced. Immigrants fill jobs. International bureaucrats decide if U.S. laws are acceptable. Twenty percent of China’s exports reach U.S. consumers through Wal-Mart alone, which opens 242 stores every year. Who’s winning? Who’s losing? Will it ever end? Do we want it to? Professor Rogowsky will lead an inquiry into the
bewilderingly dynamic world marketplace. He is the director of operations at the U.S. International Trade Commission, responsible for analyzing countervailing duty investigations and providing research, technical expertise and trade policy assistance to U.S. Trade Representatives and to Congress.

10. Haiti Today and Tomorrow  
Tuesday, June 28, 10:00 – 11:30  
Tallwood  
Instructor: Gladys Longchamp  
This class will look at the Haitian community through the eyes of one of its longstanding members. The instructor will tell us about her home country and her work with the Lambi Fund in revitalizing Haiti’s economy via a bottom-up approach. She is a passionate good-will ambassador of her home country and its rich culture. Mrs. Longchamp serves as the deputy director of the Lambi Fund, a nonprofit organization dedicated to helping grassroots organizations by funding small projects in the agriculture, micro-credit and women’s empowerment fields. She formerly worked for the United Nations Development Program (UNDP Haiti) and the World Bank.

11. Readers’ Theater Workshop  
Tuesday, June 28, 10:00 – 11:30  
Lake Anne Church  
Coordinators: Gordon Canyock, Susanne Zumbo  
Are you interested in having Readers’ Theater classes in Reston? The Tallwood troupe will perform one or two sample plays from its repertoire. Following the performance, the cast and coordinators will discuss the special techniques employed in staged readings and the behind-the-scenes operations that it takes to bring such a performance to life.

12. White Southern Womanhood, 1865-1890  
Tuesday, July 5, 10:00 – 11:30  
Tallwood  
Instructor: Jane Censer  
This class will concentrate on how white women in Virginia rethought and rebuilt themselves, their families and their region in the period after the Civil War. Drawing upon her recent book, *The Reconstruction of White Southern Womanhood*, Censer will discuss how women during the 1870s and 1880s promulgated an ideal of self-reliance and female capability. Women’s role in property ownership and transmission remained significant, while shifts occurred over time in their views of plantations and country living. She will illuminate the world of the female who in the 1870s and 1880s began to make teaching a long-term occupation. She will show the lure of authorship for many elite women. Even as these women experimented with different notions of their roles, external forces and contradictions within their position were making these notions untenable in the segregated South. The instructor worked as a historical editor at the Frederick Law Olmsted Papers at American University, has been a fellow at the National Humanities Center and has received research grants from the American Council of Learned Societies, the National Endowment for the Humanities and the Virginia Historical Society. Among other works, she has written *North Carolina Planters and their Children, 1800-1860* (1984), available in the GMU bookstore.

Tuesday, July 5, 10:00 – 11:30  
Tallwood  
Instructor: Diane Hoyer  
This presentation reviews the basics of financial strategies, and covers a number of topics particularly important to women, including planning for retirement and the financial implications of divorce and widowhood. The seminar also reviews investing basics such as stocks and bonds, mutual funds and building a financial strategy. Attendees complete the Never Kissed a Frog. Never Had to seminar with a financial action strategy, and with the knowledge that they have what it takes to take control of their financial lives. The instructor
is a member of the National Association of Insurance and Financial Advisors. She specializes in financial resource analysis, life and disability income insurance needs, retirement planning, long term care insurance needs, and estate analysis/employee benefit products and services. She will teach a related course on June 30 at Lake Anne; see Course 51.

14. The Leopard
Tuesday, July 5, 9:30 – 12:30 film (Note time)
Thursday, July 7, 10:00 – 11:30 discussion
Talkwood
Coordinator: Carol Henderson
This award-winning movie adaptation of Giuseppe Tomasi di Lampedusa’s classic book is set in the mid-1800s in Sicily. Burt Lancaster stars as a Sicilian prince in this masterful movie tribute to a bygone age. The movie, in Italian with English subtitles, will be shown on Tuesday beginning at 9:30. On Thursday, members of the OLLI Classic Fiction Book Club will give us background on the book and the history of Sicily and Italy during that time. This will be followed by a discussion of the film.

15. Poetry Workshop
Tuesdays, July 5, 12, 19, 26, 10:30 – 12:00
(Note time)
Talkwood
Moderator: Barbara Achilles
The Poetry Workshop, founded in 1991, is one of the earliest continuing courses offered by OLLI. The workshop auditions and critiques original poetry submitted by members of the group. It does not teach how to write poetry, nor does it focus on reading the poetry of well-known poets. Beginners as well as experienced poets are welcome. Emphasis is on encouraging the positive aspects of each poet’s work and suggesting changes or corrections that might be made to improve it. Members are expected to bring to each session either a new poem or a revised poem previously critiqued by the group. The moderator is a published poet, a retired intelligence officer and a graduate of the Eastman School of Music.

16. Maurice Ravel
Tuesday, July 5, 10:00 – 11:30
Lake Anne Church Sanctuary
Instructor: Gloria Sussman
Ravel, a French composer born in 1875, was renowned for his colorful use of the orchestra and his virtuoso piano writing. He absorbed influences from classical forms to jazz, writing piano concertos, chamber and keyboard works, opera and ballet. We will have the opportunity to see and hear a variety of compositions by this eclectic composer and to talk about his life. The instructor was a coach of Musica Concordia, a small Reston-based vocal ensemble, and an accompanist for the Reston Chorale. She currently gives small recitals with her duet partner, Ellen Winner.

17. Our Schools: A View From the Top
Tuesday, July 12, 10:00 – 11:30
Talkwood
Instructors: Jack Dale, Phillip Niedzielski-Eichner

Fairfax County has the nation’s twelfth largest school system. Those persons with formidable responsibility for the system are Superintendent of Schools, Jack Dale, and Chairman of the School Board, Phillip Niedzielski-Eichner. They will share with OLLI members their thinking on issues that affect the citizens of the county as well as the schools. How do you create a successful school system? How successful is the No Child Left Behind program? What is happening with technology in our schools today? What does the future hold for teachers? Time will be set aside for questions. Jack Dale joined Fairfax County Public Schools as Superintendent last July, coming from the same position in Frederick County, Maryland. Phillip Niedzielski-Eichner is director of energy, environment and infrastructure for Resource Consultants, Inc. and former director of the U.S. De-

18. Another Sally Hemmings Case?  
George Washington and West Ford  
Tuesday, July 12, 10:00 – 11:30  
Talkwood  
Instructor: Peter Henriques

Historians and genealogists have long maintained that George Washington had no children. However, the descendants of West Ford maintain otherwise, claiming that Washington was the father of West Ford, born to Venus, a mulatto slave woman owned by George Washington’s brother, John Augustine Washington, and his wife, Hannah. Is this another Sally Hemmings case? Dr. Henriques, GMU professor and scholar on George Washington, will bring us the latest information on the debate and explain what the debate reveals about the present, as well as about the past.

19. The Literature of Baseball  
Tuesday, July 12, 10:00 – 11:30  
Talkwood  
Instructor: Christopher Thaiss

With a new team in the nation’s capital and with writers recalling Washington baseball history, it’s a good time to discuss the rich literature of baseball. The instructor will describe and read brief excerpts from some classic baseball writing, including work by Washington writers such as Shirley Povich and Thomas Boswell. Professor Thaiss, a long-time baseball lover, has been a GMU faculty member since 1975 and is a former chair of the English department and associate dean of the graduate school.

20. The Moonstone  
Tuesday, July 12, 10:00 – 12:00 film (Note time)  
Thursday, July 14, 10:00 – 11:30 discussion  
Lake Anne Church  
Coordinator: Carol Henderson

This Masterpiece Theatre film is an adaptation of Wilkie Collins’ pioneering first-ever English detective novel. T. S. Eliot called it not only the first but the best. Written for serial publication in his friend Charles Dickens’ literary magazine, it introduced literary devices that became widely imitated as staples of the genre. Come and see the first use of the eccentric detective, the wise butler as major character, and the disclosure of the solution before a gathering of suspects, among other now often-used conventions. On Thursday, members of the OLLI Classic Fiction Book Club will lead a discussion of the book and film.

21. Mature Operators’ Driver Improvement Program  
Tuesday, July 12, Thursday, July 14  
9:00 – 1:00 (Note time)  
Lake Anne Church  
Coordinator: Florence Adler

Virginia residents 55 years of age and older can now learn about the issues surrounding the mature driver and how this age group can cope with the demands they face behind the wheel. The Fairfax County Police Department offers this course which is sanctioned by AAA. Auxiliary Police Officer Mike Szedlock will highlight safety behind the wheel for the mature driver. Completion of these classes entitles a participant to a Virginia State mandated insurance premium reduction. The fee of $10 for materials should be enclosed with your registration form. This course will also be given on July 26 and 28 at Tallwood. See Course 26.

22. Genealogy and the Civil War  
Tuesday, July 19, 10:00 – 11:30  
Talkwood  
Instructor: Keith Young

This class is intended for those with limited knowledge of the Civil War but who want to learn how to tap the rich genealogical information in the extensive documentation of the War. The instructor, an
amateur military historian with a primary interest in U.S. history between 1861 and 1865, will identify many sources of genealogical information and describe types of information that may be available. These sources include books, Websites, reference works, public and private libraries, government archives, university collections and historical societies.

23. The Story of Gasoline  
_Tuesday, July 19, 10:00 – 11:30_  
_Talkwood_  
_Instructor: Gordon Sweeney_  

We rely on gasoline every day. We expect it to be available whenever we need it, and we expect it to be a good value. But where does it come from? How does it get to our service stations? How much does it cost, and why does the price fluctuate? This presentation addresses these questions in layman’s terms and provides a historical perspective on how oil is found, transported, refined and delivered. The instructor, who joined Mobil in 1980, is the Global Implementation Advisor for ExxonMobil’s fuels marketing business.

24. Cabinet War Rooms: Churchill  
_Tuesday, July 19, 10:00 – 11:30_  
_Lake Anne Church_  
_Instructor: Bob Bohall_  

From the Cabinet War Rooms, Clive Steps, King Charles Street, Whitehall, London, Sir Winston Churchill in May 1940 announced, “This is the room from which I shall direct the war.” The basement chambers of the Office of Works building was the strongest structure in Whitehall and close to Number 10 Downing Street and Parliament. Completed on August 27, 1939, one week before the German invasion of Poland, the Rooms are an underground warren of meeting rooms, claustrophobic sleeping quarters and bulky communications equipment. Churchill and his cabinet ministers met here through much of World War II, sheltered from German bombs and missiles that damaged London above them. The lights of the War Rooms were switched off with the Japanese surrender in August 1945 and reopened to the public in 1984. The instructor will utilize tapes, his recollections from a summer 2002 visit, and supplemental research.

25. Reconstructing an Ancestor’s Civil War History  
_Tuesday, July 26, 10:00 – 11:30_  
_Talkwood_  
_Instructor: Keith Young_  

This class will learn how to identify, track and organize the history of a Civil War ancestor to produce a narrative that conveys the likely activities and experiences of the ancestor for the benefit of descendants. Even if the ancestor left no diaries, letters or memoirs, it is almost always possible to reconstruct an interesting and informative history from existing records. The class will proceed from initial data gathering to finished narrative. Sources likely to provide useful information will be discussed, and the collection, interpretation and arrangement of data illustrated. Elementary aspects of military life and organization during the War will aid in understanding the military terminology and usage of the time. Methods for verifying and integrating family documentary and oral information will be shown and options for presenting the results examined. The instructor is an amateur military historian and a past president of the Bull Run Civil War Round Table of Centreville.

26. Mature Operators’ Driver Improvement Program  
_Tuesday, July 26, Thursday, July 28_  
_9:00 – 1:00 (Note Time)_  
_Talkwood_  
_Coordinator: Florence Adler_  

See Course 21 for description.
Tuesdays (All classes are from 10:00 to 11:30 unless otherwise indicated.)

27. Buckminster Fuller: Thinking Out Loud
Tuesday, July 26, Thursday, July 28, 10:00 – 11:30
Lake Anne Church
Instructor: Don Fusaro
“In R. Buckminster Fuller’s world, cars had three wheels, houses could be delivered by blimps and cities were to be built inside floating spheres. Fuller was one of the 20th century’s most distinguished, innovative and controversial thinkers.”* Join OLLI member and Fuller aficionado Don Fusaro for a film on Fuller’s life and ideas, and for an exploration of the ideas of this creative inventor of the Geodesic Dome—a free-thinking architect, engineer, poet and visionary.
*From a press release on Zeitgeist Films.

28. French Cheeses
Tuesday, July 26, 10:00 – 11:30 (Optional until 12:00)

Charles de Gaulle once asked, “How can anyone be expected to govern a country with 325 cheeses?” Forty years later, the number of cheeses in France has increased to more than 500. Cécile Heatley will explore how so many different cheeses can possibly exist, the process of cheese making, the mysteries of Roquefort, and the art of buying and serving cheese. A native of France, the instructor teaches French at the Alliance Française and French cooking at the Edmund Burke School in Washington, D.C. Class members will sample cow, goat and sheep cheeses. Note: Some cheeses may be made from raw milk and/or mold. Members may stay one-half hour after class to enjoy a social time. An $8 fee, payable with the registration form, covers cheese, bread and beverage. Class limit: 25.

Tallwood
Instructor: Lorne Ladner

A core finding of the 2,500-year-old tradition of Buddhist psychology is that cultivating compassion is the single most effective way to become happier. Recent scientific research supports the link between positive emotions and happiness, as well as health and longevity. In this workshop the instructor will review briefly some of the current research and will present practical methods for cultivating positive emotions such as gratitude, joy and compassion. Dr. Ladner is a clinical psychologist in private practice who serves as director of the Guhyasamaja Buddhist Center.

31. Africans on Africa

Wednesdays, June 22, 29, July 6, 10:00 – 11:30
Tallwood
Instructor: Kathryn Barrett-Gaines

For centuries, Africa has been viewed from the outside as the deepest, darkest continent, and more recently as a place of disease, deprivation and suffering. Our sources of information about Africa have almost exclusively been recorded by European and American visitors. Though the picture of Africa from outsiders has changed over the past century, most non-African views of Africa do not stray far from Conrad’s Heart of Darkness. This three-week course intends to expose other, perhaps surprising, aspects of Africa, based on sources written by Africans. It will focus on three sources: a historical novel set in colonial Mali, The Fortunes of Wangrin, by Amadou Hampate Ba; a book on African-European interaction from an African perspective, Africa’s Discovery of Europe, 1450-1850, by David Northrup; and the music and lyrics of one of Uganda’s most beloved contemporary entertainers, Paulo Kafeero. Dr. Barrett-Gaines is director of African and African American Studies at the University of Maryland, Eastern Shore. She has lived in Uganda, where she conducted historical research and “lucked into a career in Ugandan music, theatre and media.”

Wednesdays, June 22, 29, July 6, 13, 20, 27, 10:00 – 11:30
Reston Storefront Museum, Lake Anne
Instructor: Peter Ball

We have an enjoyable small low-key class. I am surprised at the amount of progress many of the students have made! I find that learning to paint and draw is not difficult if a person is somewhat dedicated. The instructor has been painting for over 50 years, “and what an excellent hobby it has been. It’s fun and satisfying and is always with me. I think that my whole life has been focused on my interest in painting. It’s worth a try!”

*Fairfax Museum, 10290 Main Street*
*Coordinator: Helen Anderson    703-323-5681*
Fairfax has reached its bicentennial year. Let’s visit the Fairfax Museum and Visitor Center and learn about the very beginnings of this city. Where were the areas of Mt. Vineyard and Providence? Who was Richard Ratcliffe? What families were here? How did the crossroads become so important? Or were they? On a quest for answers, we will meet at the museum and learn about these beginnings from Susan Inskeep Gray, curator of the Museum. Susan has a master’s degree in American history from GMU, was formerly a museum specialist with the National Park Service, and has a special interest in decorative arts and women’s history. She will conduct a tour of the Museum with time to hear and learn about the interesting artifacts on display, to study the maps available, and to learn about our city in its early days. 41. **Nigerian Culture**
**Wednesday, July 20, 10:00 – 11:30**
**Tallwood**
**Instructor: Adin Oduolowu**
Nigeria, in West Africa, is considered to have the largest population of people of African descent in the world within its population of over 140 million. Nigerian culture is a conglomeration of more than 169 distinct groups, each with its own distinct customs, traditions and languages. This class will look at three of the major groups of Nigerians, the Yorubas in the Western part, the Ibos in the East and the Hausas, found mainly in the northern part of the country. The similarities and differences of the cultures will be discussed briefly with an emphasis on the Yorubas. Dr. Oduolowu is a principal energy specialist for the World Bank in Washington, D.C. Prior to joining the World Bank in 1981, he was a lecturer in geophysics at the University of Ibadan, Nigeria, and has traveled extensively throughout the world.

42. **Gestalt Birding**
**Wednesday, July 27, 10:00 – 11:30**
**Tallwood**
**Instructor: Charles Studholme**
Roger Tory Peterson’s concise approach to birding outlined in his *Field Guide to Birds* made it possible for the layperson to identify birds in the field. Over-focusing on field marks, however, causes many aspiring birders to look first for tell-tale eye-rings and wing bars and forget to look at the whole bird. By paying attention to posture, habitat and behavior, the process of learning to identify (and enjoy) birds in the field can be greatly enhanced. Gestalt birding is a way of seeing birds in context, and many of the basic techniques are so simple as to be overlooked. It is a
refreshingly unscientific way to become old friends with the creatures that Peterson referred to as “the most vivid expression of life.” The instructor is a long-time Audubon member and guide for field trips in Northern Virginia as well as North America. He is the owner of the shop, One Good Tern, in Alexandria.

43. Fairy Tales in Film and Fiction
Wednesday, July 27, 10:00 – 11:30
Tallwood
Instructor: Walter Rankin

Most of us are familiar with Disney’s versions of fairy tales, such as Snow White and Cinderella, in which a rather passive heroine vanquishes her evil opponent with the help of a handsome prince and some forest animals. However, the German fairy tales collected and edited by the Brothers Grimm tend to feature more enterprising heroines who emerge victorious through their own actions. We will examine how this type of heroine has become a prototype in respected films (and books) like Silence of the Lambs, The Talented Mr. Ripley and Aliens. Dr. Rankin is the deputy associate dean for the College of Arts and Sciences undergraduate academic affairs at GMU, and an affiliate associate professor of English.

Iran bustles yet is still a society conservative in dress and social atmosphere where the call to prayer is part of the daily routine. 60.  Qianlong, Emperor of China  
*Thursday, July 21, 10:00 – 11:30*  
Lake Anne Church  
*Instructor: George Heatley*

The Qianlong Emperor of China (1736-1799), a contemporary of our founding fathers, was selected by his grandfather from among over 100 grandsons to be the emperor of his generation; starting at age 10 or 11, he was trained to govern. He studied martial arts, imperial administration and public relations; spoke four languages; and learned the arts of painting, calligraphy and poetry. The Chinese Empire reached its greatest extent during his reign and benefited from the world’s strongest economy to provide the world’s highest standard of living for its 300 million subjects. However, critics say he suffered greatly from cultural prejudices and arrogance of power, leaving China so sure of world supremacy that the country became more isolated and unprepared to cope with national disasters. George hopes to generate a discussion on whether it is worthwhile to study leaders of the 18th century to gain a better understanding of 21st century national leadership. He has a graduate degree in history with an emphasis on China, and has taught many classes at OLLI.

Zak needs to confront the threat hanging over his country head on, asking hard questions and making a decision that forces Sonia to relive her agonizing past. Melinda Lopez’s poetic, urgent play is a tale of two different nations in two different eras, bridged by often wrenching choices made by parents and children in perilous times. Registration Form

- Use the registration form on the opposite page to sign up for summer courses and events, as well as to apply for or renew your membership. Return the form with your check(s) to OLLI by mail or in person. *Registration begins Friday, May 20, and ends Tuesday, June 7. Faxed or emailed registrations will not be accepted.* Late registrations are accepted on a space available basis. The office will contact late registrants on the status of their requests.

- You must sign the waiver on the back of the form for all courses and events that include bus trips.

Fees and Charges

- If the date on your address label is 9/1/05 or later, you are a continuing member and do not need to renew your membership at this time.

- If the date on the label is 6/1/05 or earlier or if you are a new member, you should submit the registration form and pay your $280 annual dues to renew your membership or to become a member.

- Please write separate checks for any course or event with a listed charge so that OLLI can easily return your check if the activity is oversubscribed.

- Your registration may be delayed if you do not submit required payments with your form.

- There will be no refunds if you do not attend a course or take a bus trip for which you have enrolled.

Making Changes

- On or after June 7, you may register for additional courses and events that are not oversubscribed by filling in a Change of Schedule Request form (available in the social room at Tallwood and during the term at the Lake Anne church). A list of open activities will be posted in the social room at Tallwood and at the Lake Anne church and included in the confirmation letter.

Attendance

- You are urged to attend all courses and activities for which you are enrolled. Good attendance is important in getting future instructors and speakers, who receive no fees or honoraria.

- In order to be fair to all OLLI members, please:
  
  - Do not request more courses and events than you plan to attend.
  
  - Do not attend a course or event unless your registration has been confirmed in your confirmation letter or your Change of Schedule Request has been approved.

Need More Information?

If you have questions, call 703-503-3384 or stop by the Tallwood office between 9:00 and noon or ask at the Lake Anne church or at the Tallwood office after the term begins.

Getting the Courses and Events You Want

- All courses and events are limited by available space or other factors. The most important thing you can do to improve your chances of getting the courses and events you want is to list them in order of their importance to you on the registration form. When courses or events are oversubscribed, priority is given based first on the preference you assign to each selection and secondly on the date of receipt of your registration form. Therefore, you can also increase your chances of getting the courses and events you want if you get the registration form in early within the registration period.

- You will receive a confirmation letter about one week before the term begins, showing the courses and events for which you have been enrolled. Confirmation cannot occur until after registration has closed on June 7. Late registrations are accepted on a space available basis.
