Loudoun Summer Newsletter

Overview

This has definitely been a spring and summer that we will not forget. First, we were introduced to a very scary pandemic of a new corona virus and now, on top of that, we are seeing violence and protests in many cities. Take a deep breath and look at the picture above to take yourself to a *happy place*. We will survive these crises and Olli is helping us do that. Who would have thought that we would be participating virtually in so many classes and clubs and really liking it? For the technically challenged it has been a jump in the learning curve to master Zoom and all it offers. A big thank you to all those that put this together for all of us.

It has been a joy to see OLLI friends on Zoom and talk with them about classes and what they are doing while in quarantine. How many projects have you accomplished? How many honey-to-do lists were completed? Netflix, Disney Plus and Amazon Prime have entertained many as well as lots of books that we finally got to read. Masks are the new essential face coverings and there are millions being made with designs galore.

So in this happier vein, let me review spring term. Because of the Zoom technology, we are all able to partake in offerings across all three campuses without leaving home. I hope you all found classes that you really enjoyed. I specifically enjoyed the Creative Cauldron classes and the Friday social gettogethers. I had to get used to Zoom so I know I opted out of some noteworthy classes. I will do better this summer!
